Objectives of the meeting

• **DATA USE**: Discuss the information needs and different use of statistics on crime, nationally and internationally

• **PRODUCTION**: Reach a clear understanding of countries’ situation concerning production and use of statistics on crime and criminal justice

• **CHALLENGES**: Assess methodological and operational challenges to improve production and use of crime statistics

• **TOOLS**: Inform and discuss about available tools to improve crime statistics

• **FUTURE**: Taking stock of all this, what can we do next?
