Criminal Justice and Prison Reform

WOMEN ARE THE FASTEST GROWING PRISON POPULATION IN THE WORLD.

The harmful impact of imprisonment on women has been widely documented. With the outbreak of the COVID-19 pandemic, it is even more critical to implement alternatives to imprisonment. Addressing the specific needs and circumstances of women in conflict with the law, the new Toolkit provides guidance on using non-custodial measures in a gender-responsive way. This online launch also coincides with 10 years of the United Nations Rules for the Treatment of Women Prisoners and Non-custodial Measures for Women Offenders (the Bangkok Rules) and will highlight ways to reduce the unnecessary imprisonment of women.
